# REGULATIONS

---

1. All fees must be paid at time of entry. Late entry fees: Live Stock 2/6, and Produce, etc., 1/- extra. This rule will be strictly enforced.

2. All entries must be made in the name of the bona-fide owner of the exhibits, hereinafter in the conditions and regulations called the "Exhibitor," and that word shall include any Firm or Corporation, and such exhibits must have been the property of the Exhibitor for not less than three months prior to the Show. All entries must be made on the printed forms, which can be obtained from the Secretary; these forms to be filled in and signed by the Exhibitor, or some person authorised by him, and must be handed to the Secretary, together with the entry fees. No entry will be valid unless these conditions are complied with.

3. All exhibits may be priced at the time of entry. After 3 o'clock any exhibit can be purchased from the Society at catalogue price. If there be more than one purchaser for the same animal, the exhibit will be put up by auction at 4 o'clock.

4. All exhibits must be in their allotted places on the ground and ready for judging by 10 o'clock on the day of the Show. Any exhibitor whose exhibits are not on the ground by the specified time will be fined 5/- for each exhibit, at the option of the Committee.

5. All horses must be haltered and led, and must on no account be removed from their allotted stands, except by the permission of the President or Vice-Presidents. And anyone removing horses, leading, riding or driving same about the ground without such permission, shall pay a fine of 5/- for each offence. One man must be in attendance with each lot of horned cattle. All cattle must be tied up.

6. Attendants in charge of stock are admitted free, on production of pass, and are subject to the order of the Stewards.

7. All persons admitted into the Show Grounds shall be subject to the Rules and order of the Committee, and admittance may be refused to any person who has not paid the entrance fee or who does not hold a pass admitting him.

8. Exhibitors will be requested to state as accurately as possible at the time of entry: THE DATE OF BIRTH OF ALL STOCK IN CLASSES WHERE THE AGE IS SPECIFIED; AND, IN ALL CLASSES OF SHEEP, THE DATE OF LAST SHEARING.

9. In all entries of live stock the breeder's name, the sire and dam, must be mentioned, if known. If not known, the breeder and pedigree unknown must be stated at time of entry, for insertion in the Catalogue. Any exhibit not containing this information may be rejected. The owner of a dam of an animal at the date of mating shall be considered the breeder.

10. Pedigree of all thoroughbred horses must be deposited with the Secretary at the time of making entry. Any horse entered in the New Zealand Stud Book shall be deemed a thoroughbred.

11. THE SAME ANIMAL CANNOT BE ENTERED IN TWO CLASSES; BUT MAY, IN ADDITION TO CLASS ENTRY, BE SHOWN FOR A PRIVATE PRIZE BY PAYING AN EXTRA ENTRY FEE, UNLESS OTHERWISE SPECIFIED. This does not apply to the Draught Horses, Light Horses, Ponies, Cattle or Hunters.

12. No stock or implements exhibited can be removed from the yard until after 4 p.m. on the day of the Show without special order from the President or Vice-Presidents.

13. The Committee will not, under any circumstances, hold themselves responsible for loss, damage, or misdelivery of stock or implements exhibited at the Show.

14. In all classes where three prizes have been awarded, THE JUDGES are directed to "commend" or "highly commend" the other exhibits worthy of that distinction.

15. Judges of stock, in arriving at their decisions, are directed not to give undue weight to high condition (except in the classes for fat stock), but to award the prizes to the animals in each class which they consider best represent the particular breed or description entitled to be encouraged. The judges are requested to pass over all those whose want of condition betokens weakness of constitution, however great their merits may be in other respects. Where there are, in any class, animals of different ages, the judges are required to take such difference into consideration in awarding the prize; and, also in the case of females, as to whether in young or in milk, so that want of condition from either of these causes may not militate against the animal possessing the greatest merit; but any animal which, in the opinion of the judges, is barren (if not proved contrary), shall not be eligible to take a prize, except in fat stock classes.

16. Extra stock, etc., not admissible under any of the enumerated classes in any form, may be exhibited by paying the same entrance fees as in the class to which they are most closely allied. Honorary Certificates may be awarded.

17. All protests must be in writing, and lodged with the Secretary either before or after the judges have proceeded to their duties. Any exhibitor entering a protest must deposit ten shillings, which may be forfeited if the protest is not sustained. If the protest be lodged before the judges proceed to their duties, the onus of proof will rest with the exhibitor. If after that, the onus of proof will be by the party protesting. No protest will be received later than two hours after the prize tickets are affixed. The Committee will decide all protests, as soon as practicable, and there shall be no appeal from their decision.

18. Any exhibitor infringing any of the above Regulations shall be subject to be dealt with as may be decided upon by the Committee or Sub-Committee, whose decision shall be final.

19. All horses where height is specified must be measured before going to the Show ring, and where horses are measured in their shoes, thickness of shoes will be allowed.

20. The public must keep away from the judges while they are judging.

21. Sheep Championship can be won by single entry or pen of two or three. Anyone who breeds Bulls or Rams for sale or hire shall be deemed a Stud Breeder.

22. Each collection exhibit must be separate from class exhibits.

23. Exhibitors in the home produce section forwarding exhibits by the train may, on notification being given at time of entry, have their exhibits conveyed to the grounds free of charge. Such exhibits must be consigned to the Hawarden A. and P. Association, and will be at owner's risk.

24. In all classes for which exhibits are due to arrive by the train, the judging will commence not later than 32 minutes after the arrival of the train at Hawarden.

25. Points will not count in any of the selling classes. Points shall count as follows:—1st Prize, 5 points; 2nd, 4; 3rd, 3; highly commended, 2; commended, 1. Championship points—1st prize, 3 points; 2nd, 2; 3rd, 1.

26. No animal or goods of any description, excepting those entered in the Catalogue will be allowed on the grounds unless special permission has been granted by the Committee.

27. Exhibitors must provide sufficient attendants to take charge of each entry of Cattle and Horses, and lead them into the Show ring when required. Exhibitors failing to comply with this regulation will be liable to forfeit their prizes at the discretion of the Committee.

28. In the event of there being no competition in any class, no prizes will be given unless the judges certify to particular merit. Power is also reserved to withhold a prize where the judge or judges consider it ought not to be awarded, for want of sufficient merit, even where there is competition.

29. Should any exhibitor, in the opinion of the Committee, infringe any of these conditions and regulations, or refuse to comply with the directions of the Committee, or be guilty of any fraudulent or unfair practice, or any conceit or concealment either in entering or exhibiting stock, all the exhibits of such exhibitor shall be disqualified, and his name shall not appear in the Official Prize List, and the Committee shall have power to suspend such exhibitor from exhibiting at any Exhibition during such period as they may think fit.

30. Should any person or firm be disqualified or suspended by a kindred Association registered under "The Agricultural and Pastoral Societies Act, 1908," the Committee of this Association shall have power to endorse such disqualification, or suspension, and disqualify and suspend such person or firm accordingly.

# Important Fur Announcement

"Fur prices must rise again this year." This information comes direct from the fur markets, and we hand it on to you.

But we have good news. The Pattison Ede Co. Ltd. have been fortunate in holding big stocks of skins, and a certain number of the new 1934 models are thus being offered at last year's low prices. The number is of course limited and it will be the early buyer who will benefit.

So be sure you make an early visit to our Showroom and see the Special display of Furs for 1934.

Fertilizers containing Blood and Bone maintain a high state of fertility in the soil, and their use keeps crop after crop or permanent pastures always in receipt of a supply of available plant foods.

## Use "Eclipse" Fertilizers

They contain Blood and Bone, which is a by-product of the freezing industry. Blood and Bone is an organic fertilizer containing both Nitrogen and Phosphates, which become gradually available to the plant thus ensuring the continuous supply of plant foods necessary to keep the producing powers of the soil continually active.

### "Eclipse" Meat Meal

Contains a minimum of 62 per cent. protein, and is warranted free from Blood, Bone, Wool, Hair, etc.

### "Eclipse" Sterilised Bone Flour

is best for live-stock. It is a true Bone Flour, not a Bone Meal or Bone-dust.

Write to us for free booklet on the feeding of Meat Meal and Bone Flour to Live Stock.

"ECLIPSE" FERTILIZERS, MEATMEAL and BONE FLOUR are procurable from all stock and station agents and merchants—or direct from:—
